DETAILS:

Swing into the season with this April Vacation golf camp presented by the Phil Cornetta Golf School at Sun 'N Air Golf Center. Every student will receive a comprehensive video analysis of their golf swing. They will receive coaching, feedback and practice drills designed to improve their fundamentals and build their golf skills. Each day we will focus on the full swing, short game, putting, and play the Par 3 course. Advanced players will have a chance to work with Phil Cornetta, PGA using his FlightScope 3D Doppler Launch Monitor to help maximize their golf swing and better understand the dynamics of impact (the most important position in golf) and how it effects their ball flight, total distance, and directional control.

**Saturday date is an optional golf tournament on the 3-Hole Course for any student registered for at least one day of camp.*
